

Market Snapshot — Spain, Portugal / Strawberry

Exported Oct 2, 2026 | Latest dated source in scope: Date not recorded

Public-source intelligence | Working report; analyst review required

What this report covers

Report type: Market Snapshot

Berry: Strawberry

Countries and regions: Spain, Portugal

Market statistics

Public reference figures; separate from reviewed statements. Countries, categories and source units are not added together.

Spain / Strawberries / 2025 calendar year

Measure	Value	Unit / status
Harvested production	332.05	1000 t

Production counts harvested fruit; USDA utilization figures count fruit used or sold. Figures keep the source units and are not combined. Eurostat changed its reporting framework in 2025, so earlier years may differ in coverage. Missing yield and other cells remain unknown.

No estimate/provisional flags supplied; figures remain subject to source revisions.
